

FOSSOWAY AND DISTRICT COMMUNITY ACTION PLAN 2025 - 2030

Community Views Wanted - Your Views Matter!

We would be grateful if you could take a few minutes to answer the questions in this survey. We want to find out what people think about Fossoway and District and how they think it could be improved as a place to live in, work in or visit. We want to hear from everyone living in the Fossoway and District Community Council area (see illustrative map) as well as from any people that work in the area, use its facilities and services but might just live a bit outside! The more responses we get the stronger our ability as a community will be - to take action and represent our interests.

Who is carrying out the Survey?

The survey and Action Plan is being carried out by the Fossoway and District Community Action Plan Steering Group which brings together representatives and volunteers from Fossoway Community Development Trust along with the Fossoway and District Community Council in partnership with other local community groups.

What is the Survey For?

The results of the survey will be used to put together a 5 year Community Action Plan (CAP) that reflects community views. It will help in identifying community needs and assets and priorities and in securing funding and support for the main projects and improvements that people would like to see. The CAP is also vital in helping us to represent the interests of the community to Perth and Kinross Council and other service providers. For example the Community Action Plan will be used as the basis for the community's Local Place Plan - our input to the new Perth and Kinross Local Development Plan.
